Re: Response to March 12, 2012 inquiry regarding Amended October Monthly (9/1/2011 ? 9/30/2011) received 11/14/2011

1. Transfers made in the third quarter of 2011 also reflect payments made by the committee during the second quarter of 2011. No transfers were made outside of the 70 day window. Furthermore, the committee did not make transfers in excess of the limit.

2. Schedule A supporting Line 12 discloses transfers in from the Democratic National Committee. No funds received from the Democratic National Committee were used to pay for the federal portion of any allocable activity disclosed on Schedule H6. The Party uses a ?reasonable accounting method? to ensure that the national party committee funds are not used for the federal share of FEA.

3. All schedules relating to Levin Transfers are included in the Amended October Monthly requested by your letter dated March 12, 2012.

4. Please note that the totals for Line 11ai and 11aii, columns A and B have been revised slightly to reflect an increase in the total for itemized contributions and decrease in the total for unitemized contributions a result of de-duping. Amendments are also being filed this date for reports for the period 10/1/2011 through 12/31/2011 to reflect changes in totals for both column A and B for Lines 11ai and 11aii.
